Proceedings:

The focus today was to begin to populate a new use case, which is available at [Use case: IND-EFT-DEV](#). We agreed that we will limit the initial use case to equity indices, and focus on identifying a use case for the purposes of developing a new fund. We'll reach out to folks we know to attempt to find a fund manager or the equivalent as an SME to help us get this right, and continue working on it next week.
