## Proceedings:

20161018 FIBO-FND FCT

FIBO-FND RTF Report deferred to Feb 2017

Redoing wikiLoans

MB: M Uschold will give Foundations what needs from FND, will start up again in another format (TBD)

FIBO-V: FIBO-Pink only contains EDMC FIBO modules, not what's running through OMG. FIBO-V will be using FIBO-FULL, less old intellectual capital.

Two defs of the word forward -- MB decides what goes into FIBO-FULL, everyone uses. What left behind, MB intellectual capital. FIBO-FULL is all of FIBO, tested and untested, everything we know about FIBO.

FIBO-Pink is everything that is tested about FIBO.

FIBO-V will have a FIBO-V-FULL and a FIBO-V-Pink.

FIBO-V/FND is conceptual stuff, needs a new name.

JIRA Triage -- See Mike's slides.

FND-11, 29, 42 Bring in mereology parts, wholes. Needed by Loans. Work to separate geographical and geophysical. Some FND members looking at agreement with several financial standards. Everything with a 'set' in the name will be changes (redundant and confusing)
